I am requesting a public hearing in the matter of the minor modification air permit application that Clean Harbors Colfax has submitted in the letter dated November 30, 2022 and sent to the office of Bliss Higgins. The air permit number is 1120-00010-06.

I believe it is imperative that the public hearing be held in order for the citizens of the area to express their opinions and give information that will be vital for consideration in the air permit application. We are the ones who live here and will be the ones who could be exposed to any waste that comes into the air.

Your response would be appreciated.
